AGENDA Members of the public are very welcome to attend Charlton Kings Parish Council Planning meetings, but will be subject to the following procedures:

At the start of the meeting the Chair will ask members of the public present which, if any, applications they are particularly interested in. The Chair may then rearrange the Agenda to first discuss those applications.

- The Chair will start the discussion on each application by inviting members of the public to voice their objections or support, on planning grounds, to the Committee.
- At the discretion of the Chair, members of the public will be allowed to talk for a maximum of 5 minutes.
- If there are several members of the public wishing to speak, the Chair may request that a member of the public spokesperson is nominated, in order that all opinions may be heard in a timely manner.
- During the public's comments, the Committee members may ask questions or seek clarification.
- After the allocated time for the members of the public to speak, the Committee will then debate the application. During this time the members of the public must not intervene or interrupt the Committee's discussion. This will be enforced by the Chair if required and may result in members of the public being asked to leave if they persist.
- After the Committee's debate, the Committee will vote to either object, not object or not object but comment on the application. The Chair will have the casting vote on any application if the Committee's vote is tied.
- It should be noted that Charlton Kings Parish Council is a Statutory Consultee, but that the final planning decision is the responsibility of Cheltenham Borough Council (CBC). Members of the public can also attend CBC's Planning Committee meetings, where only one member of the public may speak for and against each application.
