

CORONAVIRUS EMERGENCY MEASURES

These are the guidelines received from the National Allotment Society

THE GOOD NEWS

Currently we are permitted, even encouraged, to visit our allotments as part of our daily exercise regime. This can be with members of your household, but no one else.

BUT Anyone who is self-isolating because a household member is ill with Coronavirus **MUST NOT VISIT** their allotment. If you develop symptoms, stay at home for at least 14 days.

AND If you are over-70, or have a medical condition, or may be pregnant, take **VERY GREAT CARE** to follow all the government's instructions when coming to, or being on, your allotment.

EVERYONE

- ❖ Must use hand sanitiser or wear gloves when opening any padlock or gate.
- ❖ Must keep 2 metres/yards apart at all times, but even then, don't gather together in groups.
- ❖ If Bringing your children with you, **MUST** keep them with you on your plot.
- ❖ Must not share tools.
- ❖ Must not wash hands in any communal water trough; use the taps (the water will be turned back on early).

If by June/July it becomes safe to continue plot condition inspections and competition judging, we will do so.

ENJOY YOUR ALLOTMENT – We are the fortunate ones!
