

## Charlton Kings Parish Council

### Health Connect

*Supporting our community to successfully transition out of Covid-19 restrictions*

Week beginning Monday 12th April 2021 Charlton Kings Parish Council is launching an online and paper copy Health & Well-Being survey to support the community to successfully transition out of Covid-19 restrictions. It is recognised that for many people, to a greater or lesser degree, there has been and will be an emotional, social, physical and financial impact as a result of the pandemic. With our local statutory and voluntary partners, we want to better understand the collective experience and needs of the Charlton Kings wider community as we move forward step by step out of lockdown.

The short survey is available on the Council website and will be further circulated by our community health and well-being partners, including Sixways Clinic, Oakwell Health, Badhams and Charlton pharmacies, schools, faith groups and voluntary organisations, with a response deadline of Monday 10th May. You can access the survey by clicking on the following link:

<https://freeonlinesurveys.com/s/bmN7HCW4>

Paper copies of the survey can be obtained from the Parish Council Office on request by email at: [officer@charltonkingsparishcouncil.gov.uk](mailto:officer@charltonkingsparishcouncil.gov.uk) or by telephone at: 01242 250087.

We hope that as many people as possible across the parish will be part of this important research, which later in the month will include a 2nd survey of local service & activity providers featured in our new Health & Well-Being Directory. The information you give us shall remain anonymous and will be shared only to support the goals of the CK Health Connect project.

Many thanks in advance for your support - please feel free to circulate the information above to your family, friends, colleagues and community contacts within the Charlton Kings parish.
